

ACCOMMODATION

This document is divided into three sections :

Les Houches Accommodation

Accommodation in Les Houches that you might stay in on the night before the walk or when you return from the walk.

The Walk

Accommodation on or near by the route of the walk. To aid selection, where possible, the accommodation has been numbered to indicate which days walk it relates to. So for instance, '6. REFUGE ELENA' indicates that this refuge relates to day 6 of the walk which is Rifuio Bonatti - Grand Col Ferrer - La Fouly. If you check it on a map it is about half way along the route so would make a good lunch stop, or if you like the fabulous location, a good place to stay the night. A letter 'A' indicates that the accommodation is on an alternative route or variant of the TMB so '3. and 2.(A) REFUGE DES MOTTEETS' indicates that this refuge is on the TMB route for day 3 of the walk but also on a variant to the walk for day 2. Note that accommodation may be en route and not necessarily at the end of the days walk so always check its location before booking in for a nights stay. Accommodation prices are for guidance only so check current prices when booking.

Chamonix-Mont-Blanc.

Accommodation in Chamonix that you might stay in should you be planning to visit Chamonix
